One of the few people that I believe was just simply good. He had something about him that was so special and I believe heaven gained an angel when he walked through the gates.

“ When I heard you had passed I was in shock. I sat at my table and began to cry. I thought about our talk we had just last week when we ran into each other. That beautiful smile and easy way you always had about you. You and i always could talk for hours about God together. I immediately began to miss you. But my tears turned into tears of Joy that your race had been won !

Matthew 25:21

"His lord said unto him, Well done, thou good and faithful servant: thou hast been faithful over a few things, I will make thee ruler over many things: enter thou into the joy of thy lord."

I will miss you sweet nephew , tell uncle Ricky hello . see you all when I get there !!

2 Corinthians 5:6 Therefore we are always confident, knowing that, whilst we are at home in the body, we are absent from the Lord:7 (For we walk by faith, not by sight:)

8 We are confident, I say, and willing rather to be absent from the body, and to be present with the Lord.

“ I had the pleasure of giving Nick a ride back to Matewan after a ball game in Gilbert last summer and we had one of the nicest talks. Just talked about family and things like that, but it was something I hadn't done much with him. He was one of the most humble, gentlest souls I have ever known and I am thankful to have shared a little time with him. He came to our church to visit from time to time and I always looked forward to hearing him sing. I truly believe heaven has gained an angel. We all loved him and he will be missed greatly.

Kathy Wellman - September 23, 2016 at 09:48 PM

“ We played ball together,, we played music together,, which to be honest was the talent he had I would have taken if I could have. He was sweet, gentle, kind and always had a smile. I can only hope that people will think of me as highly as I and everyone else thinks of him. I am crying,, I miss all my family so much ,, this is killing me
