“ *Bridgett was a wonderful person... A very sweet devoted person in everything she did... She would always make a point to talk to someone she knew when she was out no matter where she was... She always had a kind word to say...she was the type of person who would do anything for anybody if they were in need... She loved her children, they were the ones who gave her strength... I send prayers to the family that the Lord will comfort you all in your time of need.... RIP Bridgett. You will be truly missed by all...*
