“ *I was so happy for my mom Linda Dalton when I met Burgess (my future dad). He was one of the kindest men to ever come in to her and our lives.*

When we used to visit West Virginia, we would often stay with Burgess and my mom Linda. Burgess would always make us feel welcome and would go out of his way to make you feel at home. He was always known as that one nice guy in town who would help ANYBODY. I always remember what a hard worker he was when he would be out in 90 degree weather for 2 hours cutting grass.

It was great when we all came down one summer and introduced Burgess to volleyball. He had never played it but took to it like a duck to water. He was a natural! He was there older than most with boots on, jumping and spiking the ball and getting point after point for his team. He really loved that game and we would make sure to bring the volleyball net on future trips.

Burgess was a fighter. He had many challenges in life but kept right on fighting his way through it all. He is someone I will always remember as the kind of dad that any son would be proud to have as a role model. He taught me lessons in life about patience, kindness, loyalty, and character. He will always be loved and will never be forgotten.
