“ *Miss Kathy was more then a worker to me and my son she became part of are family. She was an aunty to my son. My son and her had a relationship like no other. They would joke around and said they had gangs. And she will tell him not to tell people your business. When we found out we took it real hard. My little boy shut down. We will really miss u and love you so much. Rip*

“ I knew Cathy at CSCC (for many, many years). She was always smiling, upbeat and pleasant - but that woman could get things done and keep folks organized. She was always ready for a chat about life and prepared to meet each new challenge. Knowing Cathy has enriched my life.

“ *To the family and friends of Cathy, I too am retired from Columbus State where I was an officer for the Public Safety Department. Cathy and I often shared a conversation and a laugh or two near the president's office and wherever else I happened to run into her on campus. She was definitely a unique and enjoyable person to be around. It is impossible to even know how many lives she has impacted with her infectious personality. I pray that God will grant you all comfort and peace as you go through this period of grief.*

I loved Cathy's wit and spirit. I met her at CSCC and we always shared a laugh when we ran into each other on campus. I'll always remember the time we went to read books to the children at a Delaware Elementary School for a Day of Service. The little ones loved her. I'm very sorry to hear about her passing.

To Cathy's friends, family, Shane, Crystal & Caylin, I'm so sorry for your loss. Cathy was family to us, we loved her and enjoyed so many times with her. She was funny, sweet, ornery and we will miss her very much. She loved Crystal beyond words and was loved that much back. The value of a persons life is how much they are remember, my Granny would say. She was worth trillions, everyone will remember her with love, laughter, and will miss her.....
