“ *I look back on our high school days and I remember when Courtney and Annie moved back to Matewan. I was so happy. We were friends in middle school and you moved away. When you came back I was so excited . Cause I had my friend back I got me another friend because u never seen Courtney and Annie apart from each other . We had so many classes together through out high school. We played basketball, softball, and volleyball together. She was such a talented athlete. Courtney was such a great friend to me she had the best laugh of any person ive ever met. To this day I can sit here and remember her laugh and her big smile. Over the years people move and start there own lives but it was like we were never away from each other as soon as we seen each other. She was such a great friend. A wonderful mother she never missed any kind of event when it came to her kids. She was always there cheeing her babies on sitting right next to her mommy. Her and her mom were more like sista than anything they were as close as a mom and daughter could be and loved each other so much. She loved her sister and her beautiful kids just like her own . Jena and Annie im so sorry im just at a lost for words. Sorry doesn't begin to tell u 2 how sorry I am for her passing away. She was so young she had so much to do here with u and her kids. Its so sad. I wish I could help u cause I would in a second. I love u all very much . You all have always been like family to me. Ill cherish my memories of Courtney forever in my heart.*
