*You don't know me, but I remember Don (#13), very well.... My grandfather, Townsend Martin, was part of the group that bought the Jets from the NFL in 1962... My best memories of the times I spent with the team were during summer training camps...One particular day, Mr. Maynard threw me a pass, I did drop it.. He took the time and threw me 2nd one, I made sure I caught this one, and I did (I was only 3 at the time)... I also enjoyed the Christmas parties that Mr. Hess threw for the team and their families.. Mr. Maynard handed me a wrapped toy from Santa's Bag, Of course it was a Hess Gas Truck. I will never forget that kind jester, He took the time to hand this kid a present, who never even knew..
I just wanted to pass that along to you and your family... Very fond memories..*

My deepest sympathies...

“ Denise and family,

I was born and raised in Delbarton area but moved to SC about 6 years ago. Have such loving, warm memories of the friendship and support from both your Mom and Dad and often visited in their home for prayer w/Donna K.

I worked at the office for Island Creek in Ragland and your Dad was nightwatchman. Your Mom had been my shorthand teacher and no one was aware that your Dad also knew how to read/write shorthand.

So, this went on for quite some time that he was reading my notes.....!! One night, he called me at home. "Hazel, what is so and so and such and such?" Well, I said, what are you talking about? He laughed and told me he had read a note I left by the phone on my desk and it had something to do w/him!!

I was really taken aback and I said, "Bud, you just exposed yourself and from now on there will be a watch set on my notes and I will be more careful about leaving stuff around for you to read."

We had many good laughs about that down through the years and almost every time I ran into him this was brought up and we had such wonderful memories of those days.

Your Mom and Dad were such fine, dependable people and I always smile when I think of them. She was one of the finest teachers I ever had....she demanded that we stretch to our limit and do our very best and she did not allow any excuses. As a result, I was able to use what she taught me and when I retired I had advanced to the position of secretary to the President of ICCCo. I helped Brother Compton publish his books and she always made herself available to me for consultation/correction and assistance down through the years. So much was given to those of us who were under her influence and she shall live on through our lives as we continue to give to others what we were given.

God Bless you at this time.

“ I worked with Don for many years and he had a great sense of humor and was a great inspector. I remember one of his favorite sayings came from the "Lum and Abner Show", which he listened to every morning at work. It was, "there ain't no work done that ain't went after"!! He was a great guy and wonderful to work with. He will be missed!

“ This family was of most importance to so many of us as we were growing up. Don being with the highway dept and Inez as the best business teacher ever and the love and concern they gave to so many of us is something that no one could ever replace/erase from our most precious memories of growing up in the Delbarton area. Our hearts go out to Denise and her family and I hope that u know how many of us love u and your precious family! !!! May God comfort u thru this very difficult time.

Mrs. Maynard was one of the best teachers I had in high school and even after when going through paralegal school. She was the best at Burch High School.
