“ I was so blessed with the best mom ever. Mom left behind many loved ones. She was the best daughter, sister, aunt, cousin, , sister in law, daughter in law, mom, grandmother, friend and the most important best wife for my loving dad. Her and dad had a special kind of love. Always learning and leaning on each other during the good and bad times. The selfish side of me want ls her back but my heart says she lived her dream everyday with her family and friends. I don't think there is anyone that could have left a better legacy behind. She was always so proud. And no matter who she was talking to they always heard about her family. I love you mom and I miss you. You left us with so many amazing memories that you will live on in our hearts forever.
