“ *I grew up in high school with Josh and for a good many years after he was one of my best friends. My heart broke at the news of his passing. When he was home on leave during his military service he spent a great deal of his leave time hanging out at my house and running the roads of Grundy. He never failed to make me laugh and any time we hung out was some of my fondest memories of growing up. He always was and always will be like a brother to me. I love you and miss you brother.*
