“ *My aunt “TaTa” (aka. Cocomo... she was always so excited to tel
people her cocomo story). Her and Sam were my second family.
Every summer I got to go spend it with my “other” family. Lol my
summer home away from Mingo. I remember one time she wrecked
her car coming to pick me up. I remember pushing her butt out of
the car window and telling her to go to the house across the road
and call for help. I remember it so vividly. She was so stunned and
shocked and scared she didn’t know what to do. I just remember
holding her hand and telling her it was going to be okay. I went
many days to see her when I could at the nh. She never wanted me
to leave. “Exercise my arm for me. Or my leg.” I love you aunt Tata.
And I’m glad you’re not hurting anymore. I love you. <3*
