“ I will never forget you and all of the fun we had. We may have had our differences but everyone does. We were there for each other through alot of laughs and alot of tears for several years. I still cant believe that you are gone, we used to be inseperable. There are so many memories that I will cherish until we meet again. The last time we were together was one of the best. I spent it with you and the love of my life and I will never forget it. Until we meet again, love you forever.
