DO

“ Vesta was closest to me in age. We were best friends and some times "partners in crime" when our older sisters tried to team up against us when we were children and later when life dealt us hard blows. I always knew Vesta would have my back in any situation. I knew it because we proved that to each other over and over. The last thing we ever said to each other was how much we loved one another, and I am glad we did. But we already knew that before the words were spoken.

A few years ago, we had her down at Dewey Lake. She wanted to view "Her Camping Spot." She told me then that she would never be back to it. All she had was precious memories of her family and the great fun that they had shared there. That was my sisters legacy. She opened her home and heart to everyone who came into it. But it was her children and grandchildren that she adored the most. She always made sure their Holidays and Birthdays were wonderful. It wasn't always about the gifts, decorations and the food. Although that stuff was superb. She sat and and played games with them and us till dawn. That was the best fun of all. The midnight food fest when we would recall something Mom had made for us, and that lead us to recreating one of her treats, now that was the best.

I won't miss Vesta because I will have her here in my heart, I'll be with her and the rest of them again soon even if it is a number of years or a couple of decades it won't be long and then we will be together forever. Amen!

Dow Ooten - July 03, 2018 at 01:36 AM

“ Kids Our hearts break for each of you Vesta was a good sister in law she welcomed me into the Sammons' family with open arms; she was a good mother not only to her children but to many of the children growing up in the area if you ever left Vesta's home and were hungry that was your own fault because not only was she a great cook she was also the kind of person who was always ready share her last bite with you; May she now rest in peace no longer to suffer with her ill health and sickness; Praying for God's comforting hands to come and touch each of her children and family She is gone from our site but never from our mind and heart May God Bless
